UNIQUE TECHNOLOGY

INNOVATION, PERFORMANCE
+ COMFORT

PRIMATEX 100

Primatex 100 is a market leader in fabric reinforcement.

Primatex Herringbone weave fabric creates superior reinforcement and tear resistance for all major wear points.

We have used Primatex 100 specifically for the purpose of making our garments tougher and last longer.

ACTIVEMAX 360

Activemax 360 is a premium four way stretch cotton fabric that creates an adaptive fit and increased comfort for your working day.

Activemax 360 was used to ensure that you are not restricted in any way during your working day.

HYPERTECH 1000

Hypertech 1000 is created with the most premium natural cotton fibres to ensure you stay cool and feel comfortable all day long.

We spent countless hours researching the perfect weight fabric that not only provides protection, but also ensures comfort.
